AIM:

Redesign canteen menu to increase the ease of use and ease of functionality(Grid and menu views)

PROCEDURE:

1.Create a white canvas of your required size and apply the suitable color for it.

2.Use the element (line) to spilt the separate space for arranging menus in correct order.

3.Add some unique elements and png files in the background in order to evoke the emotions that are connected with the menu dishes.

4.Mention the open and close timings of the canteen and contact details, in order the costumer could easily acknowledge about your canteen details.

5.Highlight the special dish that is very delicious in your shop/canteen.

6.Add your canteen logo is already existed,if not create logo using adobe illustrator.

7.Check the Spelling of all your dishes and export the final output.
